KAHAROA SCHOOL ENROLMENT SCHEME

Purpose

All students who live within the home zone (shown on the attached map) shall be entitled to enrol at the school.

Proof of residence within the home zone may be required.

Each year, applications for enrolment in the following year from in-zone students will be sought by a date, which will be published in a daily, or community publication circulating in the area served by the school. This will enable the board to assess the numbers of places which can be made available to students who live outside the home zone.

The Board retains the right to ask parents to remove children from the school if there is evidence that they have attained enrolment by being resident within the zone for a short period and then moving out of zone where this situation could be reasonably foreseen.

OUT OF ZONE ENROLMENTS

The board will determine the number of places, which are likely to be available in the following term for the enrolment of students who live outside the home zone. The board will publish this information by notice in a daily or community publication circulating in the area served by the school. The notice will indicate how applications are to be made and will specify a date by which all applications must be received and may indicate the age group(s) where enrolment positions are available

Applications for enrolment will be processed in the following order of priority:

- a. **First priority** must be given to any applicant who is accepted for enrolment in a special programme run by the school:
- b. **Second priority** must be given to any applicant who is the sibling of a current student of the school:
- c. **Third priority** must be given to any student who is the sibling of a former student of the school:
- d. **Fourth priority** must be given to any applicant who is a child of a former student of the school:

- e. **Fifth priority** must be given to any applicant who is either a child of an employee of the board of the school or a child of a member of the board of the school:
- f. **Sixth priority** must be given to all other applicants.

If there are more applicants in the first, second, third, fourth, fifth or sixth priority groups than there are places available, selection within the priority group will be by a ballot conducted in accordance with instructions issued by the Secretary under section 11G(1) of the Education Act 1989. Parents will be informed of the date of any ballot by notice in a daily or community publication circulating in the area served by the school.

Applicants seeking second or third priority status may be required to give proof of a sibling relationship.
